Also to bring in their votes on the following questions:

QUESTION NO. 1
PROPOSED AMENDMENT TO THE CONSTITUTION

Do you approve of the adoption of an amendment to the constitution summarized below, which was approved by the General Court in a joint session of the two branches held June 16, 1965, received 210 votes in the affirmative and 26 in the negative, and in a joint session of the two branches held May 10, 1967, received YES
220 votes in the affirmative and 9 in the negative? NO

SUMMARY

The proposed amendment of the Constitution increases from five days to ten days the period of time the Constitution gives the Governor to act upon measures passed by the Legislature and submitted to him for approval. No other changes are made in the several Constitutional provisions relative to action by the governor upon such measures.

QUESTION NO. 2
PROPOSED AMENDMENT TO THE CONSTITUTION

Do you approve of the adoption of an amendment to the constitution summarized below, which was approved by the General Court in a joint session of the two branches held August 30, 1966, received 188 votes in the affirmative and 46 in the negative, and in a joint session of the two branches held May 10, 1967, received YES
174 votes in the affirmative and 78 in the negative? NO

SUMMARY

The proposed amendment of the Constitution authorized the Legislature to impose an income tax graduated according to total income, and authorizes the granting of reasonable exemptions, deductions and abateements, as an alternative to the exercise of the Legislature's existing power to tax income under Article 44 of the Amendments to the Constitution. Without limiting the foregoing authorization, the proposed amendment permits any such tax to be imposed at a uniform percentage of an individual's federal income tax liability or at graduated rates applied to his total income taxable federally, and it permits reasonable variations of any federal provision. It requires that the graduated rates, exemptions, and deductions be set without regard to the kind of income being taxed.

QUESTION NO. 3
PROPOSED AMENDMENT TO THE CONSTITUTION

Do you approve of the adoption of an amendment to the constitution summarized below, which was approved by the General Court in a joint session of the two branches held July 20, 1966, received 225 votes in the affirmative and 1 in the negative, and in a joint session of the two branches held June 15, 1967, received YES
210 votes in the affirmative and 2 in the negative? NO

SUMMARY

The proposed amendment of the Constitution defines the circumstances in which a Governor's inability to perform his functions shall cause his office to become vacant, and it establishes a procedure for making the necessary determinations. The office will become vacant following a declaration of disability by the Governor himself or by the Chief Justice and a majority of the Associate Justices of the Supreme Judicial Court, or such other body as the Legislature may provide. The vacancy will terminate four days after the Governor declares that no disability exists, unless (1) within that period the Chief Justice and majority of the Associate Justices, or such other body provided by the Legislature, should make a contrary declaration and (2) within another stated period the Legislature, by two-thirds of each branch present and voting, then determines the issue contrary to the Governor's declaration.

The same procedure will also apply to a Lieutenant Governor who in the case of a vacancy is performing the Governor's duties.

The proposed amendment also requires the election of a Governor for the unexpired balance of the four year term if a vacancy in the office of Governor as described in the proposed amendment continues for a six-month period expiring more than five months prior to a biennial state election other than an election for Governor.

QUESTION NO. 4

LAW PROPOSED BY INITIATIVE PETITION

Do you approve of a law summarized below, upon which the House of Representatives did not vote and upon which the Senate did not vote?

YES
NO

SUMMARY

The proposed law provides that the official ballot in the biennial State election for the year 1970 shall contain a question asking the voters whether there shall be a convention in 1971 to (1) revise, alter or amend the constitution of the Commonwealth on the following subjects, insofar as they relate to the structure of government, and no others: the Executive Branch; the General Court; the Executive Council; the government of cities, towns and counties and their relationship to each other and to the government of the Commonwealth; (2) simplify and rearrange the constitution, and (3) provide methods of amendment thereof. The question will state that the convention shall not consider or propose any measure which relates to the Massachusetts Declaration of Rights, the provisions of the Massachusetts constitution concerning the "Judiciary Power" (other than provisions respecting the Executive Council), or any of the excluded matters enumerated in Article XLVIII, II, Section 2 of the Massachusetts constitution. The question will fix the number of delegates to the convention at 150, of whom 20 members shall be members of the General Court; the remaining 130 members shall be elected by the voters in the manner summarized below. The question will also state that the convention shall conclude its business not later than 120 days from its first session.

The proposed law provides that if a majority of the votes on the fore-going question is in the affirmative, the convention shall be held in July, 1971 to revise, alter or amend the constitution on the matters enumerated above only. The House of Representatives and the Senate shall each elect as delegates 10 of its members, not more than 6 from each branch coming from the same political party. Of the remaining 130 delegates, 10 shall be elected at large and 120 shall be elected from the 40 senatorial districts, 3 from each. Provision is made for the manner of nominating and electing these 130 delegates, without party or political designation, for filling vacancies occurring in the position of any delegate, from whatever source chosen, and for the conduct of the convention's business.

Any revisions, alterations and amendments of the Massachusetts constitution adopted by the convention shall be submitted to the people at the State election in 1972 for ratification and adoption in such manner as the convention may direct. If a majority of the people voting thereon ratify and adopt such revision, alteration or amendment, the constitution shall be deemed to be changed accordingly.

The proposed law also provides that if the vote on the question to be submitted at the biennial State election in 1970 is in the affirmative, the Governor shall appoint a preparatory commission of 5 members to compile data to aid the convention in the discharge of its duties. Each member of the commission shall receive compensation of \$10,000 and the commission may expend a sum not in excess of \$200,000, as the Governor may approve, for its expenses.

At 8:00 P M a quorum of 25 persons were present and the continued Special Town Meeting was held. Harold W Smith, Moderator, requested two Selectmen and Fire Chief to report on their findings concerning the so-called "Common" located on the corner of Rt 57 and New Hartford Road.

Each reported that he could not find, thus far, any record of a "Common" located on that area. Ludwik S Tluszcz Jr., Fire Chief, told of his findings, in the records between 1762 to 1797, of a Common located near the New Marlborough town line. Stanley W Linkovich had spoken to Mr. Angus to inquire about the possible sale of certain land to the Town of Sandisfield for the site of the new fire sub-station, but Mr. Angus declined. Mrs. Edward Sesko was also approached for the same reason, and she also declined. Both parcels of land in question are located near the so-called "Common" on Rt 57 and New Hartford Road.

A motion was made by Cecil H MaHood and seconded that no further action be taken until a thorough legal search be made through an attorney or Town Counsel. The Town voted this unanimously.

YES: NO:

SUMMARY

The proposed amendment to the Constitution amends the existing constitutional provisions which direct the division of the Commonwealth into 240 representative districts and 40 senatorial districts. It provides for a census of the inhabitants of each city and town in the Commonwealth in the year 1971 and in every tenth year thereafter. The census in 1971 is to be the basis for determining the representative and senatorial districts for the ten-year period beginning January 1, 1975. Each subsequent census shall be the basis for determining the districts for each ten-year period beginning the fourth January following each census, so that the census in 1981 will determine the districts as of January, 1985, etc.

The amendment provides that the house of representatives shall consist of two hundred and forty members and the senate of forty members. In its first regular session following each census, the Legislature shall divide the Commonwealth into two hundred and forty representative districts of contiguous territory and forty senatorial districts also of contiguous territory. Each representative district shall contain, as nearly as may be, an equal number of inhabitants according to the census. Each senatorial district shall also contain as nearly as may be an equal number of inhabitants according to the census. A representative district shall not unite two or more counties, towns, or cities, or parts thereof, or a city and a town, or parts thereof, in one district unless the same is unavoidable. Further, no town or less than six thousand inhabitants shall be divided in forming representative districts. It is also provided that the County of Dukes County and Nantucket County shall be a representative district, notwithstanding the foregoing. The senatorial districts, each of which shall elect one Senator, shall be formed without uniting two counties or or parts of two or more counties, unless the same is unavoidable. Each representative shall be an inhabitant of the district for which he is chosen at least one year immediately preceding his election, and each senator shall be an inhabitant of the district for which he is chosen at the time of his election and shall have been an inhabitant of the Commonwealth for at least five years immediately preceding his election. Any representative or senator who ceases to be an inhabitant of the Commonwealth shall cease to represent his district.

The amendment also provides that the Legislature (1) may by law limit the time within which judicial proceedings may be instituted calling in question any such division and (2) shall prescribe by law the manner of calling and conducting elections for the choice of representatives and of ascertaining their election. Finally, the amendment annuls the existing constitutional provisions with respect to apportionment of representative and senatorial districts, although those provisions will remain in effect until January 1, 1975.

Results of Special Town Meeting
August 25, 1972

The Special Town Meeting was called to order at 8:00 p.m. by Moderator Stanley N Anton. A quorum was present.

The Moderator announced that 82 signatures on the petition for Article 1 had been duly certified by the Board of Registrars.

The Moderator read the results of Article 35 voted on at the March 12, 1972 Annual Town Meeting: "The Town voted unanimously to place the Veterans' Monument in front of the Sandisfield Town Hall."

The motion was made, by Angelo B. Campetti, and seconded that the original vote at the Annual Town Meeting be rescinded.

After considerable debate the motion carried.

The motion was the made, (by Angelo B Campetti) and seconded, that the Town vote to place the Veterans' Monument on the green in front of the New Boston Inn.

Paper ballot was called for and Mrs. Helen B. Genung and Mrs Italia J Henri were named tellers by the Moderator. The clerk announced the results. Forty ballots were cast; - Yes 20; No 20. With a tie vote the motion was defeated leaving the Town without a site for the monument.

Mr. Harold W. Smith spoke in favor of placing the monument at Sandisfield Center; Mr. Campetti repeated his preference for the New Boston site with Mr. James A Carr stating his reasons for also wishing the monument at the green at the Junctions of routes 8 and 57. Selectman Stanley W Linkovich vehemently spoke in favor of the Town Hall site as originally adopted by unanimous vote at the Annual Town Meeting.

He, Mr Linkovich then moved that the matter be tabled until the next Town Meeting. The motion seconded by Mrs. Tash B Anton. The motion was defeated.

The moderator suggested going on to Article 2 and returning to Article 1 later on in the meeting. There was general agreement to this proposal.

Article 2. The motion was made by Harold W Smith and seconded by Samuel R Wilber to adopt the Article as read. Mr. Smith amended his motion, with a second from Mr John R Newsom, to read as follows:

"To vote to authorize the Selectmen to appoint an unpaid representative Town committee of no less than ten people to investigate the feasibility of establishing a Youth and Community Center for the benefit of everyone in the Town of Sandisfield, with said committee to be so appointed within two weeks and committee to report back to Selectmen in thirty days."

Mr. Newsom advised the Meeting where Federal funds might come from to aid in the construction and operation of such a center.
